PLANNING

KERRY COUNTY COUNCIL We, Inchamore Wind Designated Activity Company, intend to apply for Permission for a ten-year planning permission for development at Derryreag (nDoliré Ainmheirdh), Co. Kerry. The development in Co. Kerry forms part of a renewable energy development comprising a five-turbine wind farm and all associated works on lands in both Counties Cork and Kerry. The development in Co. Kerry will consist of: • Upgrade of existing forest access roads to include passing ways and all associated drainage infrastructure. • Works at the entrance to an existing forest road accessed off the N22 to include localised widening of the forest road and creation of a sprayed entrance, removal of existing vegetation for visibility sprays and removal of street furniture. Advisory Note: A planning application is being lodged with Cork County Council in relation to the elements of the project that are within the townlands of Inchamore, Millenny and Derryreag, Co. Cork. This development includes five wind turbines, underground cabling, site access roads, a borrow pit, a temporary site compound, a 38 kV substation and all associated works for which a ten-year planning permission is being sought. The planning application is accompanied by an Environmental Impact Assessment Report (EIA) and a Natura Impact Statement (NIS). The planning application, EIA and NIS may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy at the offices of the Planning Authority at County Buildings, Rathass, Tralee, during its public opening hours and a submission or observation in relation to the application may be made to the authority in writing on payment of the prescribed fee of €20 within the period of 5 weeks beginning on the date of receipt by the authority of the application. The planning authority may grant permission subject to or without conditions, or may refuse to grant permission.
